

## Assortment KMS Japan 2026/2027

| Item                 | Variety        |                           | Unit                | Size           |
|----------------------|----------------|---------------------------|---------------------|----------------|
| <u>Young plants:</u> | Calluna        | vulgaris                  | plug                | #240/#273/#360 |
|                      | Erica          | darlyensis                | plug                | #240           |
|                      | Erica          | arborea                   | plug                | #240           |
|                      | Gaultheria     | procumbens                | plug                | #264           |
|                      | Curcuma        | alismatifolia hybrids     | plug                | #80            |
|                      | Coffea         | arabica                   | 10+ plug            | #70            |
|                      | Chamaedorea    | elegans                   | 14+ plug            | #104           |
|                      | Platycerium    | bifurcatum                | Netherlands plug    | #104           |
|                      | Platycerium    | alcicorne                 | plug                | #104           |
|                      | Asplenium      | antiquum                  | Leslie plug         | #104/#264      |
|                      | Asplenium      | nidus                     | plug                | #104           |
|                      | Phlebodium     | aureum                    | Blue Star plug      | #104           |
|                      | Microsorium    | diversifolium             | plug                | #104           |
|                      | Microsorium    | musifolium                | Crocodyllus plug    | #104           |
|                      | Pellargonium   | zonale                    | plug                | #84            |
| <u>Orchids:</u>      | Phalaenopsis   | hybrids                   | TC                  | invitro        |
|                      | Calanthe       | discolor                  | TC                  | invitro        |
|                      | Epidendrum     | radicans                  | TC                  | invitro        |
|                      | Habenaria      | radiata (bulb)            | bulb                |                |
| <u>Bulbs:</u>        | Albuca         | spiralis                  | Frizzle Sizzle bulb | 8+cm           |
|                      | Dioscorea      | elephantipes              | bulb                | 8+ - 30+cm     |
|                      | Ornithogalum   | dubium                    | bulb                | 4/5cm          |
|                      | Sandersonia    | aurantiaca                | tuber               | 3/4gr.         |
| <u>Seedlings:</u>    | Araucaria      | araucana                  | seedling            | 7-10cm/10-13cm |
|                      | Abies          | nordmanniana              | seedling            | #40            |
|                      | Picea          | pungens                   | Super Blue seedling | #40            |
|                      | Pinus          | pinia                     | seedling            | #40            |
| <u>Root stock:</u>   | Rosa           | multiflora                | rootstock           | 8-12mm         |
|                      | Rosa           | corymbifera               | Laxa rootstock      |                |
| <u>Tree seeds:</u>   | Acer           | palmatum                  | seed                | kg.            |
|                      | Akebia         | quinata                   | seed                | kg.            |
|                      | Akebia         | trifoliata                | seed                | kg.            |
|                      | Albizia        | julibrissin               | seed                | kg.            |
|                      | Asimina        | triloba                   | seed                | kg.            |
|                      | Betula         | platyphylla var. Japonica | seed                | kg.            |
|                      | Calycanthus    | floridus                  | seed                | kg.            |
|                      | Camellia       | japonica                  | seed                | kg.            |
|                      | Camellia       | sasanqua                  | seed                | kg.            |
|                      | Castanopsis    | cuspidata                 | seed                | kg.            |
|                      | Castanopsis    | sieboldii                 | seed                | kg.            |
|                      | Cephalanthus   | occidentalis              | seed                | kg.            |
|                      | Cercidiphyllum | japonicum                 | seed                | kg.            |
|                      | Cercis         | canadensis                | seed                | kg.            |
|                      | Chamaecyparis  | obtusa                    | seed                | kg.            |
|                      | Chamaecyparis  | picifera                  | seed                | kg.            |
|                      | Chimonanthus   | praecox                   | seed                | kg.            |
|                      | Chionanthus    | retusus                   | seed                | kg.            |
|                      | Chionanthus    | virginicus                | seed                | kg.            |
|                      | Cinnamomum     | camphora                  | seed                | kg.            |
|                      | Cornus         | kousa                     | seed                | kg.            |
|                      | Corylopsis     | spicata                   | seed                | kg.            |

|                           |                |                |          |             |
|---------------------------|----------------|----------------|----------|-------------|
|                           | Cryptomeria    | japonica       | seed     | kg.         |
|                           | Cycas          | revoluta       | seed     | kg.         |
|                           | Decaisnea      | fargesii       | seed     | kg.         |
|                           | Davidia        | involucrata    | seed     | kg.         |
